

WE ARE LOOKING FOR AUTISM THERAPISTS

BOSTON SPA,
LEEDS

We are recruiting for a team of staff with good values, passion to develop skills and knowledge, and a positive character to provide therapeutic practice to a gentleman who has Autism. This team will follow a skills teaching programme and interventions to support his needs. Our goals with this gentleman is to improve his quality of life, and re-open accessibility to the community.

You do not need previous qualifications, complete and specialist autism therapy training is provided specific to the role. 80-100 hours of training is provided before any solo shifts. This includes training certificates and qualifications, shadowing and internal training.

We recruit specifically for the people we support and they are involved with this process. So here is what this gentleman likes, and what is important to him.

Full time, part time, and bank shifts available.
If you are interest in this role, email
